COME MORE HOT SHOTS

Last Monday Ben Broshius was in. You all know Henry, he's a brother to Ben. Says I to Henry, "Colder some more." "You bet," says Henry, "It's an awful bore." Henry is a mighty fine feller, too. Not the sort to say "Boo hoo". Whenever a thing goes a little bit wrong He gets out and pushes and pushes strong.

And so we talked for quite a time 'Bout the worth of a dollar and the worth of a dime He's a feller that hits the spots; Says he, "I've been looking for some more HOT SHOTS." You used to have 'em and they were fine. They saved me three cents on every dime An' then I remembered that along last spring Those HOT SHOTS made the register sing.

And so, says I, "We'll have HOT SHOTS again, HOT SHOTS that will make you scratch your chin." And since that time I've studied hard. I thought of gingham and I thought of lard. Just what to SHOOT was hard to choose. But finally I decided to make it shoes.

And here you are.

We picked out a whole bunch of girls' shoes running in sizes from 12 to 2, that were worth from \$2.25 to \$1.00, graded them out and put them in two classes and marked those classes \$1.69 and \$1.89. There's a HOT SHOT that's a sure ruff. HOT one, if you don't believe it come in and see 'em for yourself.

Is that yard wide Percal that is selling at 13 $\frac{1}{2}$ c a yard for the rest of the month. There are blues, reds, grays, and whites, in figures and stripes. If you would a warm one see, you'll say this is the warmest you e'er did see. A muleskin plow shoe with a double chrome sole. A corker at \$2.25. Another is a whole grain upper with a full chrome sole at \$2.75. Then there's that heavy army last, a brown oil tanned upper and full double oak sole, one of the bargains that is selling fast at \$3.25.

Do you remember how high Toweling has been? We haven't been able to get anything to sell below 15c. But one day last week a whole bolt of mighty good toweling came in that we can sell at 12c. If you would buy some cheap goods, here's some toweling that will mop the floors.

THE MARBLE HILL BAPTIST CHURCH

An American once wrote to Rudyard Kipling as follows: "Hear that you are retailing literature at \$1.00 a word, I enclose \$1.00 for a sample."

Mr. Kipling complied with "Thanks" and kept the dollar.

Two weeks later the American wrote again. This time the letter read: "Sold the Thanks, anecdote for \$2.00. Enclosed find 40 cents in stamp, being half the profits on the transaction, less the postage."

If our pastor were to tell this anecdote he would make one of his characteristic illustrations how a like transaction can take place in the church.

We are retailing the gospel free at our church. Attend the services next Sunday and get a sample. We will be courteous to you as was Kipling to the critic. Then in the near future send the church treasurer half the profits on the transaction in the form of your pledge on the budget for the current year. We need you at our worship, and we need your pledge whether large or small.

I am not sure whether the above anecdote illustrated my point, but anyhow you'll understand what I mean."

BESS-JOLLY

Mrs. Blanch Bess and Mr. J. J. Bell jointly announced their marriage Saturday morning where they were married in marriage at the home of the officiating minister, Rev. Dr. Langford. The couple have resided here for a number of years. He has a position with the Federal Post Office. The bride, who had previously made her home at Gies, Allen came here in August of last year and accepted a position as saleswoman in Miller's store, which position she has since held. Mr. and Mrs. Jolly will make their home here.
